PRODUCT SPECIFICATIONS

JOB NAME:	
TYPE:	

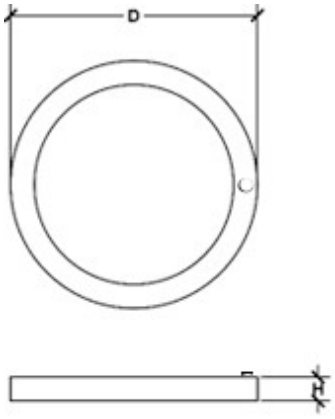

Construction:
- Round Surface Mount
- Polycarbonate Housing
- Edge Lit LED
- White Finish
- Integrated PIR Motion Sensor+ Dusk to Dawn Photocell Sensor

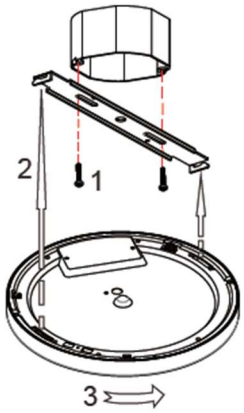

Light Source:
- 15 Watts LED 1000 Lumens
- Multi-Color Temperature: (2700K/3000K/3500K/4000K/5000K)
- 90 CRI 120 Volt / Triac Dimmable
- AC LED Driverless Technology

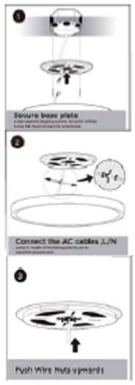

Notes:
- Wet Location
- Installation Safety Wire For Effortless Install.
- Installs to any 3” or 4” Junction Box
- Energy Star Listed
- California T24 JA8

Diameter: 7”
Height: 7/10”

7"

This fixture is designed to operate with most standard dimmers. It is recomended to use a LED dimmer. Fixture is confirmed to work with Triac and ELV dimmers. This does not imply any guarantee or warranty of compatibility with a particular application. Unlisted dimmers do not imply non-compatibility.
